Method

- 1 Heat the oil in a large frying pan and gently cook the potatoes until light brown then transfer onto a plate.
- 2 Meanwhile, grill the bacon (if using) until cooked on each side, draining the fat off it, chop into small pieces and then keep to one side with the potatoes.
- 3 Place the chopped onions and garlic in the frying pan and fry until soft.
- 4 Add in the sweet peppers and peas and fry for 2 minutes then add the potatoes and bacon (if using) from the plate.
- 5 Add the herbs and black pepper to the beaten egg mixture.
- 6 Keeping the frying pan on a low heat, place the tomato on top of the vegetables and space as you would on a pizza. Then pour the egg mixture evenly over the vegetables and bacon (if using).
- 7 Cook until firm then place under a warm grill for 1-2 minutes until the top of the omelette is golden brown.
- 8 Slice the omelette and serve.

Handy Hints

- Can be served with salad or vegetables and bread.
- Eggs are a good source of protein, but always make sure they are fully cooked through.
